COTE 100 is committed to encouraging diversity and inclusion in the recruitment and selection process by making employment decisions based on qualifications, relevant experience, knowledge, abilities, demonstrated skills and achievements.

We thank all applicants for their interest. However, only successful candidates will be contacted.

#### ABOUT US

*COTE 100 is an independent discretionary portfolio management company specializing in private wealth management for individuals. Founded in 1988 by Guy Le Blanc, COTE 100 adheres to a long-term investment philosophy based on rigorous stock selection. Research is carried out around three main themes: financial health, performance, and stock market valuation, and is based on an exclusive quantitative system, the COTE 100 System. The company also distributes the COTE 100 financial letter to its subscribers, published monthly since 1988, which offers a review of the markets, a portfolio of securities based on the COTE 100 System as well as a recommendation. For more information, visit [www.cote100.com](http://www.cote100.com).*

*As of August 31, 2021, assets under management totaled more than \$2.2 billion, primarily under private management mandates in Canadian and US equities.*
