ABOUT US

COTE 100 is one of the largest independent private portfolio management firms in Canada, with clients in Quebec, Ontario, New Brunswick, and Alberta. As of December 31, 2021, its assets under management were approximately C\$2.4 billion.

We offer personalized solutions, using an exclusive investment process: the COTE 100 system. This is based on three main themes: financial health, performance, and stock market valuation. Coupled with a detailed qualitative analysis, it allows us to carry out a rigorous selection of securities based on the long term.

We also offer the COTE 100+ platform, an online service providing our clients with strategic information on the management of their portfolio. This privileged access is also offered by subscription to a clientele of independent investors. For more information, visit www.cote100.com.
